SUMMARY

Aspiring Full Stack Java Developer with hands-on experience in Spring Boot, Salesforce, and Machine Learning. Skilled in building scalable microservices, secure RESTful APIs, and AI-powered features. Proficient in Java, Python, and cloud technologies. Strong communication and problem-solving skills, eager to contribute to innovative tech environments.

PROJECTS

Car Garage Billing System (Java) [Link](#)

- Developed a modular billing application for managing customer, vehicle, and service details using Java and OOP principles.
- Implemented invoice generation and service tracking functionalities with file handling and data persistence.
- Packaged the application as a runnable JAR file for easy deployment and execution.
- Applied encapsulation, abstraction, and inheritance to ensure code scalability and maintainability.

AI-Powered Smart Filter (Gemini Model)

- Integrated Gemini AI model to filter products based on natural language.
- Enhanced UX for e-commerce users to find relevant products quickly.

Inventory Management System (Salesforce)

- Built Salesforce app to manage stock, suppliers, orders, and quality.
- Automated workflows from inventory to purchase order and defect handling.
- Used standard Salesforce objects, picklists, lookup fields, and flow builders.

WORK EXPERIENCE

Project Intern – Keystone Inhouse Project

- Participated as a project intern to gain exposure to software development and collaborative workflows.
- Assisted team members in basic tasks and contributed to project discussions.
- Enhanced understanding of project lifecycle, tools, and technologies.

EDUCATION

Bachelor of Engineering

Keystone School of Engineering, Pune, Maharashtra
Pursuing B.E. in Computer Engineering
Expected Graduation: 2026
Recent CGPA (5th 6th Semester Average): 7.21 / 10

SKILLS SUMMARY

- | | |
|--|---|
| • Languages: Java, HTML, CSS, JavaScript, SQL | • Platforms: VS Code, IntelliJ IDEA |
| • Frameworks: Spring Boot | • Soft Skills: Communication, Problem Solving, Team-work |
| • Cloud/CRM: Salesforce | |
| • Tools: Git, MySQL, PowerPoint | |
